ALLEGED BURGLAR BROUGHT TO PARIS FROM COVINGTON.

Chapter three in the story of the recent robbery of Mitchell & Blakemore's clothing store in this city was written Tuesday morning when Chief of Police Fred Link returned from Covington, having in custody William Reynolds, a cripple, arrested as a suspect in connection with the robbery.

Following a preliminary hearing in the Police Court at Covington before Judge Manson, Reynolds was ordered turned over to Chief Link. Reynolds, who is minus one arm, and wears a wooden leg, was arrested at the Latonia station by Patrolman O'Brien and charged with vagrancy. He was placed under arrest after the Covington police had been notified by the Paris authorities that the clothing store of Mitchell & Blakemore had been robbed of a large quantity of merchandise and a sum of money, including a large collection of old coins, valued at about \$200, belonging to the estate of the late Mr. Robert J. Neely, of Paris.

Chief Link went to Covington armed with a warrant charging Reynolds with housebreaking and larceny, and returned with his prisoner to Paris. Patrolman O'Brien testified that another man who was with Reynolds had escaped. Chief of Police Klempker, of Covington, testified that Reynolds admitted to him that he had been working with a carnival company showing at Paris. It was stated that Reynolds' wooden leg was hollowed out and that the stolen money had been secreted in the leg. Reynolds made a fight in the courts to resist being returned to Paris on the ground that he is being made a victim of circumstantial evidence. Reynolds will be given a hearing before County Judge Batterton, in the County Court.

It was stated that Reynolds attempted to get rid of the coins by giving them to a prisoner in the Covington jail. Some of the coins were found on the person of the prisoner when the jailer and his assistants were making a search of the cells after a loaded revolver had been found in a water box in one of the cells. The coins were identified by Chief of Police Link as being part of the loot taken from the Mitchell & Blakemore store.

INTERESTING OIL NOTES

Mr. Charles P. Mann, sales manager for the Lee-Kent Oil Company, of Paris, left Wednesday for Lee county, to inspect the Company's well No. 4, on the Poplar Thicket lease, which was recently drilled in and is to be "shot."

It is reported that well No. 1, of the Bourbon Oil & Development Company, of Paris, on the Sol Lewis farm in Elliott county, shot into salt water. The same company is preparing to pump No. 1, L. C. Prichard, in the same county, and is shipping tankage in to take care of the production.

The Little Banjo Oil Company, of Paris, is shipping tankage to Vess Peters lease in Elliott county, No. 1 well there was given a test and is reported to have made 10 barrels in two and a half hours. An engine has been installed and there is some small tankage on the property taking care of the output until larger tanks can be erected. The same company is shut down at No. 1 of the Fannin tract at the head of Elk River, in Morgan county, not far from the Elliott county line.

APPOINTED ADMINISTRATOR.

In the County Court Judge George Batterton appointed Mr. Frank P. Kiser, of E. F. Spears & Sons, as administrator of the estate of his father, Mr. W. Jefferson Kiser, who died several weeks ago at his home near Paris. Mr. Kiser accepted the trust and qualified by furnishing bond in the sum of \$1,000, with Thos. J. Kiser as surety.

RUMORS REGARDING HOSPITAL MUST BE CLEARED UP.

(Contributed)

Miss Flora Keene, of Somerset, Ky., Secretary of the State Board of Nurses, visited Paris on Monday night and Tuesday investigating the charges against a nurse who left the Massie Memorial Hospital, and while here, looked into matters pertaining to the Nurses' Training School, at the Hospital. No nurses in training were found to be there, but conditions were such that she advised that no nurses be accepted for training, as matters and conditions were in a very unfavorable condition. Only one graduate nurse and a few practical nurses were there.

She advised Miss Boehme, the Superintendent, to refuse to accept patients until matters and conditions were made very much better at the Hospital.

Miss Keene permitted the certificate for the Training School to remain at the hospital until November, with the understanding if matters were not corrected that the Training School should be abandoned and the certificate taken up. That is, she would recommend to her Board to do so.

It is to be hoped that the Board of ladies appointed by the Council will thoroughly investigate the Hospital, its management and affairs, and make a full report as to its findings. It is understood that this Board has a stenographer, and will present to the Council its report exactly as given in by the witnesses who have been examined.

If there is anything wrong, please bring it out, and if not, state so to the public. This is a public hospital and the public demands that rumors be cleaned up.

IMPORTANT NOTICE TO THE GENERAL PUBLIC.

The committee appointed by the City Council to investigate the general management and condition of the Massie Hospital, are holding sessions in the Mayor's office, First National Bank building, from 9 to 12 and 2 to 5, Thursday, Friday and Saturday of this week. Those having complaints to make or improvements to suggest and those who wish to make any statements favorable to the hospital, are invited to call during those hours.

The committee must depend upon the co-operation of the public in order to make a fair investigation. The hospital can be benefited by talking to the committee and to no one else.

COMPROMISE EFFECTED IN BIG SUIT.

A suit of considerable importance, owing to the prominence of the parties involved, which has been pending in the Bourbon Circuit Court and the Court of Appeals for several years, has been stricken from the court docket, a compromise having been effected between the parties involved in the litigation.

About three years ago, it was alleged, Mr. James D. McClintock, of Paris, wrote a letter to a bonding company in Boston, in which were, it was stated, reflections upon Mr. James McClure, Cashier of the First National Bank of Paris. Mr. McClure filed a suit for libel, and the case was fought through several terms of the Bourbon Circuit Court. The case was appealed to the Higher Court. The Court of Appeals set aside the verdict and sent the case back to the lower Court for a new trial. Now a compromise has been effected, it was stated yesterday, that will be amicable to all parties concerned.

DO NOT BURN LEAVES.

The time for falling leaves has arrived and soon the lawns of Paris residences will be filled with dead leaves. Most housekeepers think there is but one way to dispose of them, by burning. THE NEWS has been asked to publish a notice to the people of Paris asking them not to burn leaves in their yards or on the streets, as fires may result on account of everything being so dry. If the leaves are gathered up and placed on the gardens they will enrich the soil, while if they are burned on the streets or in the yards, there is much danger of fire, as well as filling the air with the acrid, pungent smoke that almost blinds one. Don't burn the leaves!

COLLINS-HARLAN CANCER DE-LIGHTS LARGE AUDIENCE.

A large audience, composed of music-lovers of Paris and the county, thronged the Paris Grand Opera House, Monday night to hear the concert given by Collins and Harlan, two of the foremost entertainers of the county, assisted by the Edison Phonograph.

The entertainers appeared here under the auspices of L. Oberdarter, local representative of the Edison machine, and their concert was principally to interest persons in the merits of the phonograph as a musical instrument. A varied program of selected numbers was rendered. The audience by its applause clearly showed that it appreciated the concert of the two singers.

Those present saw Collins and Harlan at their best. They heard a comparison of the singers' voices with the record on the phonograph and when the singers ceased and the instrument took up the song, it was impossible not to imagine the singers were still singing. There was no difference whatever in the tone or the volume. It was a great treat.

NOTES OF THE SCHOOLS

Inasmuch as punctuality is a habit very much to be desired in pupils of the schools, it is the aim of the Superintendent and the faculty of the Paris Public Schools to eliminate tardiness.

To allow a pupil to come into the school room after a recitation has begun hinders and confuses. It is an injustice and a wrong to those who are always on time. Permission is always granted a pupil who desires to be absent for a time, provided the parent so requests, but to excuse such pupils from absent and tardy marks is not fair to those who are always present.

The faculty ask that the parents and patrons assist in this move by planning the children's other duties so that they will not conflict with the school-house. A banner is to be given to the room that has the highest per cent. of punctuality and to the one that has the highest per cent. of attendance.

POPULAR PARISIAN IN POPULAR CINCINNATI STORE.

Mr. Harry Saloshin, formerly of Paris and Somerset, one of the most popular young business men in the city, has accepted a position with the Joseph Petzuch Shoe Store, at 430 Race street, in Cincinnati. This is one of the most popular stores in the Queen City carrying large stocks of ladies and children high-class shoes. Mr. Saloshin wishes his friends from this section to call on him when in Cincinnati, and receive a royal old-time welcome. The Petzuch Store handles nothing but the highest-class goods, and a purchase there insures shoes of the highest quality. (11)

IN THE TOOLS OF THE LAW

Deputy Sheriff James Gibson arrested and jailed Bartell Hill, colored, who was indicted by the grand jury at the November, 1913, term of the Bourbon Circuit Court, on a charge of grand larceny and being a fugitive from justice. It was alleged that Hill broke into the residence of Newton Hedges in Brentsville and stole a gold watch and other valuables.

In the County Court Judge Batterton held Joe Newsom, colored, a South Carolina negro, to the November term of the Bourbon Circuit in the sum of \$500 on a charge of burglarizing the clothing store of I. L. Price, in this city some time ago. Newsom was unable to furnish the necessary bail and was remanded to the county jail to await a hearing before the grand jury.

REAL ESTATE TRANSACTIONS

Through the real estate agency of Harris & Speakes, Wednesday, Mr. Wm. Rose purchased of Mr. C. C. Wills, a two-story residence on South High street, for \$3,000.

Mr. Charles McDaniel sold to Mr. Estes, of Harrison county, seventy-three acres of land on the Clintonville pike, a part of the farm known as the A. S. Thompson place, for \$275 an acre. The tract was sold about a year ago by Mr. Thompson for \$230 an acre. Mr. Thompson, who purchased Tract No. 5 at the Robert T. Ford heirs sale, Tuesday for \$177 an acre, resold it to Clarence Lebus, of Cynthiana, for an advance of about \$1,000. Mr. Lebus having previously acquired Tracts No. 6 and 7 of the Ford lands, needed this tract to join his new purchases.

A large crowd attended the public renting Wednesday on the premises of the C. H. Meng farm, on the North Middletown pike. The farm, containing 465 acres, was rented to Mr. Charles E. Butler, for \$16 an acre for the coming year. Mr. Meng withdrew his livestock, which he had planned to dispose of at public sale, and sold them privately to Mr. Butler. The lot comprised sixty-1,200 pound cattle, 200 Hampshire sheep, and forty stock hogs. Mr. Butler gets 25 acres for tobacco, 25 acres for corn, 50 acres for wheat, and the balance in grass. The renting was conducted by Auctioneer George D. Speakes.

One of the largest and most important sales of real estate made in this county for many years was consummated Tuesday when the Robert T. Ford lands, on the Clintonville pike, near Paris, comprising 1,043 acres, was sold for an average of \$261.41, or a total of \$272,842.11. The sale was conducted by Auctioneer George D. Speakes, of the real estate firm of Harris & Speakes, and through the law firm of Talbott & Whitley, of this city. The sale was extensively advertised in THE NEWS.

The bidding was active and spirited. Tract No. 1, containing 155 acres, was sold to Clay & Lane, of Mt. Sterling, for \$415.50 an acre; Tract No. 2, containing 217 acres, went to the same parties for \$231.50 an acre; Tract No. 3, containing 81

EIGHTY-SEVENTH ANNUAL CONVENTION CHRISTIAN CHURCH

Hopkinsville has made extensive preparations for receiving and entertaining the delegates to the eighty-seventh annual convention of the Churches of Christ (Christian Church), which will convene there next Monday, and continue until Friday. The sessions of the convention will be held in the Ninth Street Christian church.

The song service will be under the direction of Mr. A. L. Boatright, of the Paris Christian church. The program embraces many noted speakers of prominence in the church. The first day's session will be "Education Session." On Tuesday the C. W. B. M. session will be held. Wednesday will be devoted to the sessions of the Kentucky Christian Missionary Society. The closing day will be occupied by the sessions of the Kentucky Christian Bible School Association. The delegates will be entertained in the homes of Hopkinsville people. The Bourbon county churches will send a large representation to the convention.

Production Waits.

Production waits, we are told by the best authorities, and yet the number of railroad employees has increased 140,000 under government control, while the volume of business is about the same as it was before the war. The daily average coal production is 286,000 tons at the present time, while it was 333,000 tons a year ago—and even then production was below normal. The computed cut of lumber in 1918 is 11 per cent smaller than the computed production in 1917. America's shelves are bare of goods, and even though the consumption of merchandise in the United States to-day is greater than ever before, the highly organized classes of the country bewail their lot, since they claim that they have—

"Nothing to do but work,
Nothing to eat but food,
Nothing to wear but clothes
To keep one from going nude."

In these days when we are "taking stock" of ourselves and our affairs the balance sheets agree with the statement of Mr. Vanderbilt, the great banker, who says of our country that "we are the darling of the gods." In recognition of this fact a long pull, and a strong pull, and a pull all together, will land Democracy squarely on her feet once more.

BIG DEMOCRATIC RALLY TO BE HELD SEPT. 20.

BLOOMFIELD, KY., Sept. 18.—Bodine Cowherd and J. E. Moseley, prominent party workers, who have in charge the details of the big barbecue that will be a feature of the Democratic rally that will be held here Saturday, Sept. 20, marking the opening of the State-speaking campaign, announce that 100 sheep and hogs will be used.

These will require one barrel of salt, twenty-five pounds of cayenne pepper, and equal amount of black pepper, twenty-five gallons of vinegar, three dozen lemons and one case of Worcester sauce in the barbecueing, which will be under the supervision of experts. Two thousand loaves of bread, 10,000 trays and 1,000 tin cups will be needed. There will also be big kettles of burgoo, Kentucky style, in which 500 ears of corn, a whole case of butterbeans, two bushels of Irish potatoes, five bushels of tomatoes and twenty-five hogs will be used.

Some other figures given out by Mr. Cowherd follows: "The services of twenty-six cooks and helpers will be employed. Twenty-five loads of wood have been ordered. The pit in which the cooking will be done is to be 300 feet long, four feet wide and twenty inches deep. We shall start cooking the carcasses the night before the big day."

Mr. Moseley has appointed committees in every voting precinct in the county to secure carcasses, and reports already made show that they will be forthcoming. The barbecue will take place at the Pennyroyal Fair Grounds. Among the speakers will be Gov. Black, Gov. James M. Cox, of Ohio; Congressman Heflin, of Alabama; Senators Beckham and Stanley and Representatives Kincheloe and Barkley.

CINCINNATI REDS CLINCHED THE BASEBALL SEASON

By defeating New York, Tuesday the Cincinnati Reds clinched the National League pennant. Should they lose all their remaining games and the Giants win all of theirs the Reds would still be one full game ahead. The score of Tuesday's game was 4 to 3 in favor of Cincinnati.

This is the first pennant ever won by a Cincinnati team in the National League and the second that a Cincinnati team has had credit for. In 1882 the Red Sox won the American Association pennant, then rated as a major league. In 1889 the Reds went through the entire season without losing a game, but there were no leagues at that time and Cincinnati was the only professional team.

Plans for the world series between the Reds and the American League winner, which now seems to be Chicago, are being made. Temporary seats will be built in left and center field of the Cincinnati park to accommodate the crowd which expects to witness the games. Price of seats per game is \$6 for a box, \$5 for reserve grand stand, and \$3, \$2 and \$1 for upper grand stand, pavilion, and bleachers. The series will start on October 1.

DESPONDENCY.

Sufferers from indigestion are apt to become discouraged and feel that complete recovery is not to be hoped for. No one could make a greater mistake. Hundreds have been permanently cured by taking Chamberlain's Tablets and can now eat anything that they crave. These tablets strengthen the stomach and enable it to perform its functions naturally. If you have not tried them do so at once.

GERMAN PEACE TREATY CALLED UP IN SENATE.

WASHINGTON, Sept. 18.—The German peace treaty, with its League of Nations covenant, was called up Monday in the Senate, but there apparently was no disposition to speed it along until after the interruption of business by the ceremonies in honor of General John J. Pershing, Wednesday and Thursday.

Senator Lawrence Y. Sherman, Republican, of Illinois, took up most of the time of the session to-day with an attack on the league covenant, and Senator James Reed, Democrat, of Missouri, who has been speaking in the West against it, will speak Friday.

The reading of the treaty, section by section, hardly is expected, therefore, to begin until Monday.

The league covenant comes first, and right at the beginning, almost, is the amendment by Senator Hiram W. Johnson, Republican, of California, which would give to the United States the same voting power as Great Britain.

How much time the Senate would take in considering this amendment members declined to say, although the general view was that nearly every one on the Republican side might desire to express opinions regarding it. It was suggested that Senator Johnson, who is on a speaking tour, might return in time to take personal charge of the fight to equalize the voting clause.

After Senator Henry Cabot Lodge, Republican, of Massachusetts, formally had called up the treaty Monday he presented a printed text of the treaty with Austria, supplied to him by a Chicago newspaper, and obtained unanimous consent to have it read word for word.

Senator Gilbert M. Hitchcock, of Nebraska, who, as ranking Democratic member of the committee, will conduct the administration fight for ratification, made vigorous objection to this procedure, declaring it "a mere squandering of time."

To have that treaty read, "with a dozen Senators listening," would be flying in the face of public demand for speed, Senator Hitchcock said in his appeal to Senator Lodge to have the document printed and let the matter go at that. This Senator Lodge agreed to do, saying he was prepared to ask leave to print the treaty before Senator Hitchcock had spoken, having realized that it would require more than a day to finish the reading.

Ratification of the treaty and its League of Nations covenant was urged by Senator Lee S. Overton, Democrat, of North Carolina, one of the administration spokesmen.

"Until this is done," he told the Senate, "there can be no peace, but unrest, revolution, starvation, and anarchy will stalk up and down the world, bringing in their wake destruction of nations, social disorder, wretchedness and finally the extermination of the races of men."

Senator Overman said he had read the treaty, heard it discussed, studied it, and thought it over and determined it is my duty to support its ratification.

"I do not believe the Senate will refuse to ratify it," he added. "The American public is behind it, and after all our promises and pledges and the prayers of our public for fifty years for peace, we cannot afford from the standpoint of honor, to defeat it."

Denouncing Senators whose "insidious declamation poison the public mind" against the German peace treaty and the League of Nations, Senator Andrew A. Jones, Democrat, of New Mexico, speaking in the Senate, Monday, said if the reservations recommended by the Foreign Relations Committee majority were adopted the treaty, as well as the league covenant, would "fail."

"If we ever have a treaty with Germany," he declared, "it will be a negotiated and not a victorious treaty. The United States will not participate in the restoring and preserving peace and bringing order out of the world's chaos."

"The unselfish, the ideal, the altruistic motives which have inspired this league are sufficient inducements for all the sacrifices and efforts which we will be called upon to make in carrying out its provisions."

Sensor Jones said, in his opinion, reservations as proposed by the committee were unnecessary, as ample protection was afforded by the terms of the treaty.

"Article X," he continued, "is a declaration to the world that war for conquest shall end and that this declaration will be supported by the combined power of all other members of the league."

Rejection of all proposed amendments to the German peace treaty and modification of the recommended "strong" reservations, was urged in an individual minority report filed with the Senate by Senator Porter I. McCumber, Republican, of North Dakota, next in rank on the Foreign Relations Committee to Chairman Lodge. Senator McCumber did not join in the recent Republican majority report, and voted with the Democrats on amendments and several reservations.

Attacking the majority report of Chairman Lodge, Senator McCumber denounced most of the majority amendment as "selfish, immoral and dishonorable," and charged that they seek to "isolate the United States from the rest of the world."

"To the substance of some of the proposed reservations," Senator McCumber's report declared, "there can be no serious objection, but against the manner in which they are asserted, I do protest most earnestly. They are couched in a defiant, discourteous and overbearing manner, and seem intended to express a jingoistic spirit that ought to be eliminated from American statesmanship."

WHAT'S THE REASON.

Many Paris People In Poor Health Without Knowing the Cause.

There are scores of people who drag out a miserable existence without realizing the cause of their suffering. Day after day they are racked with headache and backache; suffer from nervousness, dizziness, weakness, languor and depression. Perhaps the kidneys have fallen behind in their work of filtering the blood and that may be the root of the trouble. Look to your kidneys, assist them in their work—give them the help they need. You can use no more highly recommended remedy than Doan's Kidney Pills—endorsed by people all over the country and by your neighbors in Paris.

Mrs. John Mastin, 1439 High St., says: "I have used Doan's Kidney Pills with good results and I know from the help they gave me that they would be just as beneficial in other cases of kidney trouble. I had a dead, dull ache across the small of my back and my kidneys acted irregularly. Doan's Kidney Pills rid me of those complaints, and if I should need a kidney remedy again I would certainly take Doan's."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Mastin had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (adv)

Tigers Like Water.

Tigers are extremely fond of bathing. In a zoo, if a tub be provided, they will eagerly make use of its facilities for ablution. They are first-rate swimmers, and in former days it was reckoned at Singapore that they "ate a Chinaman a night," swimming across from the mainland to get him.

An Ordinance

Providing for the Improvement of

Fithian Avenue, in the City of Paris, by the Original Construction of Concrete Sidewalks in

Front of the Property of the Louisville and Nashville Railroad Company, E. T. Rule, Mrs. Mary Walker, Mrs. L. R. Bramblet, J. J. Veatch, C. A. Daugherty Estate,

Clarence Plummer, John Chisholm, Mrs. R. M. Harris, James Daugherty and H. D. Shy, Pursuant to

Resolution Heretofore Adopted on July 10, 1919, and Published on

July 15, 1919, at the Exclusive Cost of the Property Owners, and

Providing for the Payment of the Cost Thereof.

1. BE IT ORDAINED, by the Mayor and Board of Council of the City of Paris that Fithian Avenue, a public street in the City of Paris, be improved by the construction of concrete pavements in front of the property of the Louisville & Nashville Railroad Company, E. T. Rule, Mrs. Mary Walker, Mrs. L. R. Bramblet, J. J. Veatch, C. A. Daugherty estate, Clarence Plummer, James Daugherty and H. D. Shy, whose property abuts on said street.

2. That said pavements be made of concrete, according to the plans, specifications and grades heretofore adopted by the City of Paris, which are on file in the office of the Clerk of the Board of Council.

3. That said improvements be made at the exclusive cost of the property owners.

4. That the contract for making said improvements be let to the lowest and best bidder, after advertisement for two consecutive weeks in the official publications of the City of Paris; provided, however, that any one of said property owners may construct the pavement in front of his or her own property, provided same is done within fifteen days from and after the passage and publication of this ordinance as required by law.

5. That the cost of said improvements be apportioned among and assessed upon the lots or parcels of real estate in front of which the same is made in proportion to the abutting feet of same; and that a tax shall be levied upon such lots or parcels of real estate for the payment of the costs assessed thereon, which tax shall be due and payable at the City Treasurer's office upon the completion of the work and acceptance thereof by the Board of Council.

6. If any of such tax, so apportioned and assessed, be not paid within thirty days after the same becomes due, there shall be added thereto a penalty of ten per cent. of the amount of tax; and there shall be a lien upon such lots or parcels of real estate for the part of the costs of such improvements so assessed thereon; and the same shall bear interest at the rate of six per cent. per annum from the time of the assessment of said tax until paid; provided, however, that said improvements may be made upon the ten-year payment plan as provided by law.

7. This Ordinance shall have two readings before the Board of Council, and ten days shall intervene between the first and second readings; and same shall then become effective after its passage and publication as required by law.

Business is Calling

The great industrial expansion which this country is experiencing makes a constantly increasing demand men and women capable of filling the most responsible office positions.

It is the special work of the Fugazzi School to prepare for the duties of these positions. During the next year scores of young people will be fitted for Life by taking the "Fugazzi Way" and given a start in desirable employments. WILL YOU BE ONE OF THESE?

The question is squarely before you for decision. Will you be a man or woman whose usefulness inspires, who occupies a dignified position, who lives a life worth while; or will you be an obscure do-nothing, an insignificant nonentity?

If you want to get a good start in business and are not fitted for the kind of position you wish to occupy, come to The Fugazzi School and let us help you. Your future depends more upon what you do in this matter than you imagine, for today shapes tomorrow.

Send For Free Catalogue—"The Fugazzi Way"

This Catalogue takes the guess-work and worry out of your business future. It tells how the "Fugazzi Way" will increase your earning power; how to command as well as obey. It describes in full our methods and ideals, our various courses and advantages of each, rates of tuition with much other useful information of vital interest to you.

"Gee-Whiz! How it Hurts!" The Pain in My Foot!"

"Sometimes it is in my arm. Merciful Heaven, how my back hurts in the morning!" It's all due to an overabundance of that poison called uric acid. The kidneys are not able to get rid of it. Such conditions you can readily overcome, and prolong life by taking the advice of Dr. Pierce, which is "keep the kidneys in good order." "Avoid too much meat, alcohol or tea. Drink plenty of pure water, preferably hot water, before meals, and drive the uric acid out of the system by taking Anuric." This can be obtained at almost any drug store.

Send a bottle of water to the chemist at Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., and you will receive free medical advice as to whether the kidneys are affected. When your kidneys get sluggish and clog, you suffer from backache, sick-headache, dizzy spells, or twinges and pains of lumbago, rheumatism or gout; or sleep is disturbed two or three times a night, take heed, before too late. Get Anuric (anti-uric-acid), for it will put new life into your kidneys and your entire system. Ask your nearest druggist for it or send Dr. Pierce ten cents for trial package.

Lime Water.
Shake one-half cupful of lime with about one-half pint of water, slowly added; when slackened well add one quart of water and stir thoroughly, allow it to settle, decant closely and pour the water away, then add one gallon of fresh, clear distilled water or rain water to the washed lime; shake often for a day or two and let settle.

THINGS TO WORRY ABOUT

The great American dollar has shrunk now like a Main street all-wool suit. An "iron man" is now about the size of a dime and acts like a jitney. The only stuff that hasn't increased in price is the penny-in-the-slot-chewing-gum-machine gum. You still put in a cent and you don't get anything.

"IT MUST HAVE BEEN DEAD AT LEAST 6 MONTHS BUT DIDN'T SMELL."

"Saw a big rat in our cellar last Fall," writes Mrs. Joanny, "and bought a 25c cake of RAT-SNAP. broke it up into small pieces. Last week while moving we came across the dead rat. Must have been dead six months, didn't smell. RAT-SNAP is wonderful." Three sizes—25c, 50c, \$1.00. Sold and guaranteed by the Farmers Supply Co.

Discovers Heat Insulation.

A new heat insulating material composed of a mixture of a special clay and cork has been discovered by a Norwegian engineer. The clay and cork mixture is burned, and the result is the formation of a very light substance that is said to be eminently suitable for all heat insulating purposes.

TERRIFIC STORM TAKES HEAVY DEATH TOLL IN SOUTH.

CORPUS CHRISTI, TEXAS, Sept. 18.—From fifteen to twenty-five persons are dead; approximately 4,000 are homeless and property damage, it is estimated, will reach \$4,000,000 as a result of the tropical hurricane which raged for twenty hours.

The city is in distress and Mayor Gordon Boone has sent the following appeal to Governor Hobby at Austin:

"Please send immediately two companies of National Guard with supplies, and join in an appeal for financial assistance. Condition here deplorable and immediate help needed."

The Courthouse is being used as a morgue.

At least a score of persons were afloat in Neuces Bay Monday night, where they were washed out by the waves. They were clinging to spars and debris, and what few boats were left undamaged by the storm were being used to rescue them.

Miss Ford's Letter.

The following is part of a letter received from Miss Sue T. Ford, of Paris, by members of her family, who reside in Paris:

Key West, Florida, Sept. 10, 1919.
"No doubt you have all heard of the terrific hurricane that struck this place Monday at 10 a. m."

"No words could tell you of the fearful wind. Sunday it began to blow such a nice breeze, ending suddenly every few minutes in sharp gusts. Monday the wind was strong, growing more so all the time. Some of the patrons went to get the children from school, saying that a hurricane was on the way here from the Bahamas. Monday night it began to blow so hard, that I could only sleep between the fierce gusts. I expected to be terribly afraid, but wonderful to relate was not. I went down to school Tuesday morning. Not a child, and Cubans all shut up in their houses tighter than wax. By 4 p. m. the street cars had stopped running and the taxi we were in had half of the top torn off and it blew so fiercely it caught our breath and it was pouring rain."

"Tuesday from 3 p. m. on words would be impossible to describe the fearful wind. It seemed like mighty waves passing each with increased velocity, till it reached the climax at four Wednesday morning. The gusts came with the force of cannonading. It sounded like innumerable voices in shrieks and screaming indescribable."

"No one thought of sleep, no one thought of eating. One great tree after another until eight went down in this yard. We saw fences go. The house right across is a total wreck, rolled off the foundation, the floor broken, all the furniture ruined and the roof broken into splinters. The trees left standing are whipped until they are bare as in winter."

"Fleming Street Church is ruined. One train is lost off the E. Coast R. R."

"Think of the agony: 14 men drowned in the dredge boat. The athletic club gone; steps broken up, houses blown down; oh, its fearful. "We piled our trunks against the front door to keep it from coming in. The paper in every room in the house is ruined; the hard wood floors the same."

"I went to see a friend at 9:30 thinking the storm about over and my umbrella was whipped to ribbons."

"No taxis, no cars, no electric lights, no gas to cook with. Ruin and desolation and people sick with fright and the terrible ordeal. All the time there was a rain as briny as old ocean, driving straight across, not falling, and continual lightning, but no thundering, and an even glare in the sky, which still is the same with gusts of wind and constant rain. "The over seas hotel is almost a wreck."

"I certainly saw God's power in full display last night: Mrs. W. was so distressed. She took up my 'Daily Strength for Daily Needs' and said 'I thought you might have something to comfort me in your prayer book.' I read her several lessons. We dragged my mattress into the hall and sat around on it and I told them the story of Paul's shipwreck, and I told them that I felt sure that we would all be saved from hurt. It seemed to comfort them so."

"My school house is no more. When I saw it, even the piano was utterly destroyed. I broke down and cried."

"The wind was blowing 130 miles an hour when the instrument for measuring was blown away. No telling what velocity it reached."

"I am going to start the work in the old Epworth League Hall back of the Cuban Church. The latter is a wreck."

JUST WHAT SHE NEEDED.

"I used a bottle of Chamberlain's Tablets some time ago and they proved to be just what I needed," writes Mrs. Volta Bankson, Chillicothe, Mo. "They not only relieved me of indigestion, but toned up my liver and rid me of backache and dizziness that I had been subject to for some time. They did me a world of good and I will always speak a good word for them."

POSTOFFICE EMPLOYEES ASK FOR INCREASED WAGES

A flat increase in salary of \$150 for each postoffice employee for the fiscal year is proposed in a resolution favorably reported by the House postoffice committee. Minimum wages of sixty cents an hour are proposed for substitute employees.

The proposed increases have been opposed by the postoffice department, Assistant Postmaster General Koons having written the committee that a deficit of \$40,000,000 would result, placing an "unjust burden" on the public.

After Being Relieved of Organic Trouble by Lydia E. Pinkham's Vegetable Compound.

Oregon, Ill.—"I took Lydia E. Pinkham's Vegetable Compound for an organic trouble which pulled me down until I could not put my foot to the floor and could scarcely do my work, and as I live on a small farm and raise six hundred chickens every year it made it very hard for me."

"I saw the Compound advertised in our paper, and tried it. It has restored my health so I can do all my work and I am so grateful that I am recommending it to my friends."—Mrs. D. M. ALTERS, R. R. 4, Oregon, Ill.

Only women who have suffered the tortures of such troubles and have dragged along from day to day can realize the relief which this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, brought to Mrs. Alters.

Women everywhere in Mrs. Alters' condition should profit by her recommendation, and if there are any complications write Lydia E. Pinkham's Medicine Co., Lynn, Mass., for advice. The result of their 40 years experience is at your service.

WHY IS IT THUS.

(Maysville Bulletin)

We've heard a great deal of complaint about the high cost of this, that and the other, but heretofore there has been but little audible grumbling on the part of "joy-riders" about the price of gasoline. Now comes a party with this query to the Bulletin:

"Why is it that we are charged 30 cents a gallon for gasoline in Maysville, when at other places it is sold for much less? At Washington and Sardis they ask 27 cents, at Paris and Carlisle 28, at Lexington only 25 cents. The Standard Oil Co. delivers it to dealers' tanks in Maysville for 23 1/2 cents. Looks to me like 6 1/2 cents a gallon is pretty good profit."

There is more Catarrh in this section of the country than all other disease put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts through the blood on the mucous surfaces of the system. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

LATONIA RACE MEETING OPENS WEDNESDAY, SEPT. 24.

The opening event of the coming Latonia meeting, which gets into swing Wednesday, September 24, will be the Latonia Handicap, an event for three-year-olds and upward at one mile and a sixteenth, with \$5,000 added. This race takes the place of the Inaugural Handicap given by the former management. Fifty-four entries have been secured, including such stars of the turf as Dunboyne, Lucullite, Purchase, Cudgel, War Pennant, Billy Kelly, Vexatious and all the good western horses.

General Manager Winn is in a quandary as to his stake dates. At the present time it looks as though the world's series baseball games will be played in Cincinnati and until these dates are definitely settled Colonel Winn does not want to name the date of the running of the Latonia Championship Stake. It is likely that there will be racing on the days the teams play in Cincinnati, although it has been suggested to the management to start racing at 9:30 or 10 o'clock in the morning, which would give them time to complete the seven race program about 1 o'clock and give everyone an opportunity to attend both the races and the ball games.

It has also been suggested to lay off on the baseball days, inasmuch as there are two open dates before the races begin and three open days before Churchill Downs opens. It is not likely that more than five ball games will be played in Cincinnati, all told. However, this does not set well with the Latonia management, and it is likely that there will be no change in the opening date.

The only thing Col. Winn wants to avoid is having the Latonia Championship race run on a day on which there is a ball game. He has tentatively set Saturday, October 11, as the day, but does not wish to make an official announcement of the same until he is certain there will be no ball game.

FORMER PARISIANS DEVELOPING LETCHER TIMBER LANDS.

K. B. Daniels, formerly of Paris, is getting a large hardwood timber development well under way on the headwaters of the Cumberland River in Letcher county. The logs, some of the largest in Eastern Kentucky in years are being carried across Cumberland Mountains several miles on an incline to Pardee, Va., a shipping point in Wise county, where they are loaded onto cars and shipped to the Wood-Mosaic Company, Louisville. The work will last several years, according to Mr. Daniel. Most of the logs marketed this way are yellow poplar.

GREAT PROGRAM AT LEXINGTON'S FALL TROTS.

The program for the Kentucky Trotting Horse Breeders' Association's 47th annual fall meeting at Lexington, September 29 to October 11, was completed with the closing of the purse events on the same date.

Both as to quality and number the entries are highly pleasing to President Ed. A. Tipton, than whom there is no better judge of the possibilities of a light harness racing program.

"We are assured of a wonderful meeting," said he, "if the weather is right. We have the horses and we have the people to see them race. By the reservations that have been made and are being made for rooms, we are assured of a big attendance, and to those from other States will be added hundreds who will come daily by motor and train from points within a radius of one hundred miles of Lexington. With such horses as are coming from all corners of the country the racing is certain to be more keenly contested than it has been at any other point on the Grand Circuit."

WEATHER PROPHET ASA MARTIN SAYS SNOW OCT. 13.

Colonel Asa Martin, Lexington weather prognosticator, who claims to have the "edge" on both the ground hog and the goose bone when it comes to reliable, unvarnished, unadulterated, home grown meteorological "dope," announced Wednesday that the first snow this year for the Bluegrass region, would fall on Monday, October 13.

Colonel Martin says that he is now making up his observations for the coming winter and with the first snow scheduled for the above date, it behooves folks to make preparations for cold weather.

GOOD ATTRACTIONS BEING BOOKED FOR PARIS GRAND

Manager Clarence Sprake, of the Paris Grand and The Alamo, informed THE NEWS man yesterday that he is booking a number of high-class attractions for the fall and winter circuit, to appear at The Paris Grand. Among these are Coburn's Minstrels, which comes on October 6, three high-class musical comedy attractions, a number of legitimate stage attractions, that will be sure to please the taste of the most fastidious. Manager Sprake assures us that there will be no "bum" vaudeville attractions included in any of the bookings, and that the theatre-goers of Paris will at last have something out of the ordinary in the way of attractions at the Grand. He is not yet at liberty to make public a full list of the bookings, but as soon as all arrangements have been carried forward, due announcement of the attractions will be made through the local press. Some of these are booked for an appearance at the Grand in the early part of October. The bookings will continue through the winter months as long as the patronage and the character of the attractions warrant.

CELEBRATE CONSTITUTION DAY

In accordance with the proclamation issued by Governor Black, supplemented by a local one issued by Mayor E. B. January, the citizens of Paris gathered at the court house in this city Wednesday afternoon at three o'clock, for the purpose of celebrating "Constitution Day."

The meeting, which was held under the auspices of Jimmie Johnson Chapter, Daughters of American Revolution, was attended by a large crowd. Miss Blanche Lilleston, Regent of the Chapter, presided. The invocation was delivered by Rev. Dr. B. F. Orr, followed by a salute to the flag, by the Boy Scouts. Music was rendered by the Community Chorus. This was followed by an inspiring and eloquent address by Rev. W. E. Ellis, pastor of the Paris Christian church. Rev. J. T. Sharrard pronounced the benediction.

HUN DOG TAKES PRIZE.

It is a very long way from Coblenz, Germany, to the Kentucky State Fair, in Louisville, Kentucky, but the big German police dog owned by Mr. J. Quincy Ward, of Frankfurt, formerly of Paris, made the trip, wearing the purple and the blue ribbon.

The foreign born dog got the blue ribbon in the Belgian shepherd dog class, and the purple ribbon for being the best dog of his class. The dog was brought to Mr. Ward by his nephew, Lieutenant James Clay Ward, of Paris. While classed as a German police dog, it is really a Belgian shepherd, and is thus registered by the American Kennel Club.

FIFTY-FOUR YEARLINGS BRING \$48,225.

At the Kentucky Sales Company's auction in Tattersalls at Lexington, Tuesday night, 54 yearling thoroughbreds brought \$48,225, an average of \$893. The eighteen head of youngsters bred in Oklahoma by Williams Brothers brought \$1,700, and they furnished the interest for the large attendance. They were generally well grown and well formed.

In this sale Mr. John Wiggins, of Paris, had a brown colt by Jim Gaffney-Ducies, which was purchased by John A. Hynes, of Baltimore, Md., for \$500.

SCHOOL ELECTION CALLED

The Division Board No. 3 of the County Board of Education, representing the Millersburg School District on Saturday, October 4th. The election will be held for the purpose of taking the sense of the voters on a special tax of twenty-five cents on each \$100 worth of property listed for State and county taxation, to raise a fund of \$15,000 to erect and maintain a school building. The call was made in response to a petition signed by ten legal voters of the district.

What Other Phonograph Dares This Test?

DID you ask some one about the Edison Tone-Test recital given last Monday at the Paris Opera House? The startled audience heard the living voices of Collins and Harlan flood the packed house. Wednesday, October 1, 1919,

At 10 O'Clock a. m.

The undersigned as Executor of the estate of Henry Patterson, deceased, and as agent for the heirs, will, on Wednesday, October 1, 1919, on the premises of the late Henry Patterson, near Millersburg, Bourbon County, Kentucky, offer for sale at public outcry, to the highest and best bidder, the following described personal property and real estate:

PERSONAL PROPERTY

5 good milch cows and 1 long yearling heifer;
2 good work horses;
1 buggy and harness; 1 surrey;
1 open buggy and spring wagon;
1 lot of corn in shock;
Several articles of household furniture;
A number of farming implements, including 1 two-horse wagon, 1 harrow, and many other articles too numerous to mention.

51 ACRES OF LAND

At the same time and place, the undersigned, as agent for the heirs of Henry Patterson, deceased, will offer for sale, at public outcry, to the highest and best bidder, 51 acres of land, more or less, which land is located just on the outskirts of the City of Millersburg, on the Cincinnati and Millersburg turnpike. There is located on this land an excellent residence of 7 rooms, a good stock and tobacco barn combined, and all necessary out-buildings. This farm is well-fenced and well watered and is in a high state of cultivation. It is within one-fourth mile of the city limits of Millersburg, and is convenient to the best school town in the State.

This farm will be sold for the purpose of settling the estate of Henry Patterson, deceased. The sale, as to the personal property and the farming lands, will begin promptly at 10 o'clock, on Wednesday, October 1, 1919.

TERMS—As to personal property, all sums of \$20.00 and under, cash in hand; over that amount, good, bankable notes, due and payable March 1, 1920, bearing 6 per cent interest from date, will be accepted. Terms as to the sale of the land will be: One-third or more, to be paid in cash on March 1, 1920, the remainder in one and two years, with 6 per cent interest from March 1, 1920; and to be secured by a lien to be retained on the land. The purchaser will be required to execute bond securing the one-third payment due March 1, 1920.

Possession of the land will be given on March 1, 1920, or before, if convenient to all parties. The purchaser of the land will be required to pay the taxes due in 1920. All other taxes will be paid by the estate. There will be someone on the premises at all times between now and the day of sale, to show this property. Anyone desiring a little home, well located, close to schools and churches, is invited to inspect this property. For further particulars, call on the undersigned.

HAND CUT OFF.

Claude McHargue, of Paris, brakeman on the Louisville and Nashville Railroad, had his right hand crushed by the train Wednesday afternoon, at Cynthiana, when a box car on a siding struck him, throwing him from his train to the ground where the wheels passed over his hand. He was taken to the Harrison Hospital, where the railroad surgeon, Doctor McDowell, amputated the injured member below the wrist. Mr. McHargue is married and has one child.

FACE SCORCHED IN BIG NEW YORK FIRE.

The New York Herald says that among those injured during the great fire in the Stone & Fleming plant at Long Island City, was Mr. Frederick A. Wallis, fourth assistant deputy police commissioner of New York City. Mr. Wallis had his face severely scorched while assisting in the work of directing the firemen and police reserves called to the scene, but was otherwise uninjured. He was given immediate medical attention, and was reported yesterday as getting along very well.

FINE HORSE SOLD

Mr. George M. Todd, of Toledo, Ohio, while on an inspection tour of Kentucky stock farms, visited Paris and Bourbon county. Among the animals that attracted his fancy was a fine eight-year-old plantation walking horse belonging to Mr. Letton Vimont, of Lettonia Stock Farm, near Paris. Mr. Todd purchased the horse for \$1,000 and shipped him to his home. The horse's breeding is unknown, the gelding coming from Tennessee. He has been shown at all the leading fairs in the country and has never lost a first place ribbon.

XALAPA DAM UNDER PROCESS OF CONSTRUCTION.

A large force of workmen began Wednesday the work of making preliminary excavations for the construction of the big new dam across Stoner Creek, on the Xalapa Farm, of Mr. Edward Simms, near Paris.

The contract for the work was awarded to the Mason-Hanger Company. The company has placed all the necessary construction material on the ground, and with a continuance of good weather hope to have the dam completed in record time.

The dam will be constructed of concrete. It will be located eight miles above the Spears' Mill dam, used as a supply basin by the Paris Water Company, and six miles below the old Seamonds mill dam, now dismantled. The water at the point of construction is low and the work will be rushed.

Autumn Opening

Introducing the Newest Colorings and the Most Favored Fabrics in

**Suits, Coats, Dresses, Skirts
Waists, Hosiery and Millinery
For Autumn Wear**

The Suits

Are sufficient unto themselves. "They have the Wintry look wanted in a suit," is the compliment many women pay them.

The Coats

This is a greatly favored season for a separate coat. Full length models with graceful lines is a distinguishing feature.

The Dresses

Sashes play an important part in many of the dresses. Others adopt narrow lines with suggestions of width at the hips.

The Skirts

A varied showing in serges and soft silks with the latest trimmings. Others are of plaid velours, some being in accordance with pleated models. You can easily find your skirt here.

The Waists

The beauty of design is styled into every blouse and waist we are showing during our opening. Some have buttons while others are made to slip over the head, drawing back into a softly folded sash that ties in the back.

The Hosiery

The fine weave of these hose reminds you of glove silk and their shapeliness lend a touch of completeness to the smart frock or gown.

The Millinery

Our millinery possesses an effectiveness and novelty in the use of handwork on the many models. Others are trimmed in new and fascinating ways that appeal to the misses and the matrons.

KEEP YOUR MONEY AT HOME.

After an absence of about two
years our old friend, the mail order
catalogue, about three inches thick
and depicting everything from a hair
pin to a house completely furnished,
at a "great saving to the customer,"
is on again, as big as ever.

Price increases noted in practi-
cally every case are about the same
as the increase locally and with the
increased postal rates in effect, it
will be a rare instance when an arti-
cle purchased at home for the same
amount of money. There may have
been a time when articles purchased
by mail could be bought at a lower
price than those at home, but those
days are gone, and furthermore,
money sent away from home is gone,
while that spent here remains in the
vicinity. The catalogs are still good
for the youngster to get, and pick out
the things he would purchase if he
could.—North Upper Street.

COAST TO COAST U. S. FOR LEAGUE

MILLIONS ACCLAIM WILSON AS
HE SPEEDS ACROSS
THE LAND.

FEW ASK FOR CHANGES

Majority Feel That President's Guid-
ance Should Be Held—He Regards
Pact As Sure to Come Soon.

(By Mt. Clemens News Bureau)

Aboard President Wilson's Special
Train—From the Capital at Washing-
ton to the far Pacific coast the Presi-
dent of the United States has jour-
neyed on the most unusual expedition
ever undertaken by a chief executive
of the nation.

To discuss national questions, many
presidents have toured the land; but
Mr. Wilson is laying before America
a question which affects the whole
world—the question of whether or not
we are to join in the League of Na-
tions; whether we are to forget our
former isolation and share with the
other peoples of the earth the respon-
sibilities of maintaining civilization
and preventing, as he says we can do,
future warfare.

Between the capital and the coast
the president made fifteen speeches
and half a dozen brief talks. All of
100,000 fellow citizens listened to him.
Several millions had the chance to see
him, and apparently everyone wanted
to see him, from those who thronged
the streets of the cities and towns
where he stopped, to those who came
to the railside or stood at little flag
stations in remote places, knowing
their only reward could be a fleeting
glimpse and a wave of the hand.

He has met and talked to all types
of citizens—to men big in the busi-
ness, financial and professional worlds
to farmers and mechanical workers,
to Indians and cowboys and foreign
born herders and rangers, to soldiers
and to mothers who lost soldier-sons
in the late war.

What do they all tell him? Unani-
mously they say they want peace
definitely settled, they want no more
wars, they want the League of Na-
tions, and most of the American peo-
ple, it may be fairly said, tell the
President they want the League just
as it is, without the reservations or
amendments which certain senators
have insisted upon. The majority of
citizens say to those who interview
them on this tour:

"Woodrow Wilson guided us rightly
before and during the war with Ger-
many. We entered that war, every
one agrees, to end all wars. He says
the league can do that. We want to
do that, so let us keep on trusting him
and get the league into operation as
soon as possible. Forget politics."

Most Americans encountered on the
tour have forgotten politics. Repub-
lican Governors and Mayors have in-
troduced the President to his audi-
ence; the Major part of the local com-
mittees which have met him have
been Republicans. They have all said:
"We are nothing but Americans, Mr.
President."

Mr. Wilson's arguments for the
league, briefly summarized, are those:

There can be no peace, either now
or in the future, without it. There
can only be a regrouping of nations
and a new "Balance of Power," which
is certain to lead to war. There can
be no war in the future, with the
league in existence, because no single
nation would defy the united rest of
mankind, and if it did, it could be
brought to terms by an economic
boycott, and without the use of arms.
There can be no reduction in the
cost of living until the league is es-
tablished, for nations will not get
ahead with peace time production un-
til they know that peace is definitely
assured and that production of war
material is no longer necessary.

There can be wonderful prosperity
with league in existence, for rela-
tions of labor and capital all over
the world will be made closer and
more friendly, and the worker will re-
ceive a fairer share of what he pro-
duces.

These declaration of the president
logically and eloquently put, have left
his hearers thinking and thinking
deeply. And then Mr. Wilson has
pointed out, the people themselves, at
differentiated from senators and politi-
cians, seem to want just what the
president wants, which is America for
leadership.

Quite as unusual as the purpose of
the cross country tour is the manner
in which it is being carried out and
the completeness of the arrange-
ments on the nine car train which is
bearing the party.

At the rear is the private car May-
flower, occupied by the President and
Mrs. Wilson. Next is a compartment
car for the secretary Tumulty, Ad-
miral Grayson, Mr. Wilson's Physi-
cian, four stenographers, the chief
executive clerk and seven secret ser-
vice men. Beyond are three compart-
ment cars which house twenty-one
correspondents, five movie men, and
a telegraphic and a railroad expert.
Then there is a dinner, a club car, and
two baggage cars, one of them con-
verted into a business office. The
train was exactly on time at every
stop between Washington and the
Coast.

The Buick-built Front Axle

Drop forged in a single piece from bar steel of
special formula, it is strong enough to bear the
weight of a truck, and pyrometer controlled heat
treatment gives it a steel structure of remarkable
toughness and uniformity.

This axle is designed by Buick engineers, forged
and built complete in the Buick factory, directly
under the supervision of the men whose reputations
depend upon its serviceability. From its I-beam
section to its drop forged steering connections, every
detail is worked out to perfection. The Buick front
axle is typical of the perfectly controlled quality that
gives Buick cars their unusual capacity for service.

IT'S NOT YOUR HEART IT'S YOUR KIDNEYS

Kidney disease is no respecter of persons. A majority of the ill-afflicted people today can be traced back to kidney trouble.

The kidneys are the most important organs of the body. They are the filters, the purifiers, of your blood.

Kidney disease is usually indicated by weakness, sleeplessness, nervousness, dizziness, backache, stomach trouble, pain in loins and lower abdomen, gall stones, gravel, rheumatism, sciatica, and lumbago.

All these derangements are nature's signals to warn you that the kidneys need help. You should use GOLD MEDAL Haaslem Oil Capsules immediately. The soothing, healing oil stimulates the kidneys, relieves inflammation and destroys the germs which have caused it. Do not wait until tomorrow. Go to your drugist today and insist on GOLD MEDAL Haaslem Oil Capsules. In twenty-four hours you should feel health and vigor returning and will bless the day you first heard of GOLD MEDAL Haaslem Oil.

After you feel that you have cured yourself, continue to take one or two capsules each day, so as to keep in first-class condition and ward off the danger of other attacks.

Ask for the original imported GOLD MEDAL brand. Three sizes. Money refunded if they do not help you.

THEM'S OUR SENTIMENTS!

State and county papers are taking pot shots at the bunch of grafters who are speculating and realizing on "the world's oldest man." The Flemingsburg Times-Gazette says: "One of the biggest fakes of recent times was your Uncle John Shell, who was exploited at the recent fair at Lexington as being 131 years old. The fact is that when they first dug up

'Uncle John' from his mountain home, he insisted that his age was 116, but that didn't sound big enough to suit his managers, and they added 15 years to it. But Barnum was right when he said the American people liked to be humbugged."

THE BEST ADVERTISEMENT.

The best advertisement any merchant can have is a satisfied customer. No greater recommendation can be given an article than the following by E. B. Milburn, Prop. Guion Drug Store, Guion, Ark. "We have sold Chamberlain's Cough Remedy for years and have always found that it gives perfect satisfaction."

NATIONAL CONVENTION OF AMERICAN WAR MOTHERS

The second national convention of the American War Mothers Association will be held in Washington, September 29 to October 2, inclusive.

All mothers whose sons or daughters served in the Army or Navy during the recent war are invited to attend the convention. Tickets admitting them to the convention hall may be obtained from the Kentucky State War Mothers, Mrs. R. B. Hutchcraft, 135 Houston Avenue, Paris. The Kentucky chapter numbers nearly one thousand members and is entitled to a representation at the convention of fifteen delegates. Credentials for these, also, will be issued by Mrs. Hutchcraft.

A reduced rate has been secured contingent on the attendance at the convention of not less than two hundred and fifty delegates. Tickets must be purchased not earlier than September 25, nor later than September 30, and certificates requested when tickets are bought. These certificates, properly validated, will entitle holder to a return ticket at one third the normal one-way fare.

The program will be attractive and profitable. Speakers of national reputation will talk on the great problems of the day. Social features will include visits to the capitol, Mt. Vernon, the White House, and a concert at Marine Barracks. Officers and directors of the national organization are: Mrs. Alice French, Indiana; Mrs. C. L. F. Robinson, Conn.; Mrs. Carrie Gibbs, Ohio; Mrs. Nora Kirkwood, Illinois; Mrs. Mary Roberts Rhinehart, Pennsylvania; Mrs. R. B. Hutchcraft, Kentucky; Mrs. E. W. Stanrod, Idaho; Mrs. R. M. Coleman, Indiana; Mrs. Edith Mettlin, Nebraska; Mrs. Oliver Harriman, New York; Mrs. John Champion, Minnesota; Mrs. Grace Fable, Kansas; Mrs. H. R. Gould, La.; and Mrs. Marion Reese, North Dakota.

On the executive board of the Kentucky chapter are: Mrs. Shelby Harrison, Lexington; Mrs. J. A. Mitchell, Bowling Green; Mrs. W. G. Simpson, Frankfort; Mrs. Hardin Field, Versailles; Mrs. J. V. Ewen, Covington; Mrs. J. A. Leech, Louisville; Mrs. Minor Simpson, Lexington; Mrs. Lev Benton, Cynthiana; Mrs. J. A. Herring, Georgetown; Mrs. J. G. Johns, Winchester; Mrs. R. R. Burnam, Richmond; Mrs. N. L. Bronaugh, Nicholasville; Mrs. R. B. Hutchcraft and Mrs. Walter Payne, Paris.

Mrs. Louis Rogers is chairman of the local chapter and War Mothers who expect to attend the convention should confer with her.

"BAYER CROSS" ON ASPIRIN

Always Ask for Genuine
"Bayer Tablets of Aspirin"

Only Aspirin Tablets with the safety "Bayer Cross" on them are genuine "Bayer Tablets of Aspirin," owned and made by Americans and proved safe by millions of people. Unknown quantities of fraudulent Aspirin Tablets were sold recently by a Brooklyn dealer which proved to be composed mostly of Talcum Powder.

"Bayer Tablets of Aspirin" should always be asked for. Then look for the safety "Bayer Cross" on the package and on each tablet. Accept nothing else! Proper directions and dosage in each Bayer package.

Aspirin is the trade mark of Bayer Manufacturer of Monoaceticacidester of Salicylicacid.

Unaccountably Absent Minded.
A friend of mine was being married and a host of friends were present during the ceremony, which the minister was performing most impressively. The bridegroom alone was inattentive and seemed unaccountably absent minded, when suddenly he bawled out: "Gee, I forgot to bring along the wedding ring!"—Chicago Tribune.

READ WHAT U. S. DEPARTMENT OF AGRICULTURE SAYS ABOUT WHAT TWO RATS CAN DO.

According to government figures, two rats breeding continually for three years produce 359,709,482 individual rats. Act when you see the first rat; don't wait. RAT-SNAP is the surest, cleanest, most convenient exterminator. No mixing with other foods. Dries up after killing—leaves no smell. Cats or dogs won't touch it. Sold and guaranteed by the Farmers Supply Co.

'Tis Not So.
A Chicago girl stole \$2.00 from a tradesman two years ago. Recently she returned the \$2.00 with \$200 as interest. Yet there are those who persist in believing, and declaring, that a woman has no conscience.—Grit.

"MRS. KEACH TELLS HOW SHE GOT TO KNOW RAT-SNAP"

"Have always feared rats. Lately noticed many on my farm. A neighbor said he just got rid of droves with RAT-SNAP. This started me to thinking. Tried RAT-SNAP myself. It killed 17 and scared the rest away." RAT-SNAP comes in three sizes, 25c, 50c, \$1.00. Sold and guaranteed by The Farmer's Supply Co.

PUT a pipe in your face that's filled cheerily brimful of Prince Albert, if you're on the trail of smoke peace! For, P.A. will sing you a song of tobacco joy that will make you wish your life job was to see how much of the national joy smoke you could get away with every twenty-four hours!

You can "carry on" with Prince Albert through thick and thin. You'll be after laying down a smoke barrage that'll make the boys think of the old front line in France!

P. A. never tires your taste because it has the quality! And, let it slip into your think-tank that P. A. is made by our exclusive patented process that cuts out bite and parch—assurance that you can hit smoke-record-high-spots seven days out of every week without any comeback but real smoke joy!

May Have Been Lincoln's.
Abraham Lincoln had the habit of carrying in his pocket four or five cents each with a hole so that they were strung on a string. One of them he lost. Recently Mrs. J. L. Underwood of Newcastle, Pa., found such a cent bearing date 1813 in a field near Lincoln City, and she has refused \$250 for it.

—Mr. H. A. Sheeler has returned after a visit to visit to relatives at Germantown.

—Sour pickles at Caldwell's. Price 2 for 5 cents.

—Mr. G. W. Bramlette is rebuilding his home, destroyed by fire last week.

—Mrs. Bayles DeBell arrived Wednesday as the guest of her daughter, Mrs. R. M. Caldwell.

—Mrs. D. P. Jones left yesterday for a visit to her daughter, Mrs. F. J. Davis, in Louisville.

—Heintz sweet pickles at Caldwell's 30 cents a pint.

—Miss Hattie Wood returned Saturday after a two-weeks' visit to relatives at Parkersburg, W. Va.

—Mr. E. T. Sheeler sold his home on Vine street, on Monday, to Jas. Wood, of Blue Licks, for \$4,500.

—Rev Adams and family have moved to Newcastle, Ky., to the Methodist parsonage in this place.

—Mrs. W. A. Munsing, of Maysville, arrived Monday as the guest of her mother, Mrs. Martha Vimont.

—Mrs. Anna Darnell sustained a fall a few days ago, bruising the back of her head, and has since been quite ill.

—Little Miss Mary Alice Courtney entertained a few of her girl friends Monday with a birthday dining.

—Drink Governor's Cup Coffee. It will save you money. Sold at Caldwell's.

—Mrs. Addie Young and aunt have moved to the property lately purchased of Mrs. Wm. Miller, from that of Mrs. J. L. Hill.

—Mr. and Mrs. W. T. Brumfield, and Mr. and Mrs. John T. Wood, of Nicholasville, were guests of Mr. and Mrs. C. C. Chanslor, Thursday.

—At the Christian church a special service was held in honor of Miss Anna Smith, who has been a teacher in the Sunday School for many years. The day was called "Anna Smith Day." At the Methodist church Dr. C. C. Fisher, of the Millersburg College, welcomed the incoming pastor, Rev. F. P. Adams, and the cadets of the Millersburg Military Institute and the young ladies who are attending the Millersburg College. A special musical program was rendered by the choir.

—Mrs. J. D. Redd entertained at her home Monday evening with a "Mother Goose" party, in honor of her niece, Miss Elizabeth Gleason, of Washington, D.C. Forty young people were present, wearing costumes representing the various characters in the "Mother Goose" tales. Miss Gleason, the guest of honor, represented "The Queen of Hearts." The guests were presented to the guests of the evening by "Mother Goose." The evening was spent on the lawn assisting "Little Bo Peep" to find her lost sheep.

—Rev. and Mrs. J. W. Gardner moved Wednesday from the Methodist parsonage to their new charge at Versailles. Rev Gardner has been pastor of the Methodist church in this place for the three and a half years, having succeeded Rev. Dr. Dickey, who was transferred to the Louisville Conference, after serving as pastor of the Methodist church here for several months. He did not come into our community an entire stranger, being a native of Harris on county. However, he made many friends. He was a conservative man, and displayed no fanaticism on any line. When he left Millersburg, for his new charge at Versailles he was a favorite of everybody. He was one of the few men occupying the responsible position he did who did not make some enemies. His wife was also as favorite with our people, and was quite an advantage to him in his work in many ways. We recommend them to the good people of Versailles, and know that they will prosper and make friends in their new field of labor, as they have done here.

DEATHS.

MORRISON.

—Mrs. J. A. Morrison, of Paris, Superintendent of this division of the Louisville & Nashville railroad, received a message telling of the death of his mother, in Sonora, Hardin county. Mrs. Morrison was in her eighty-fourth year at the time of her death. The funeral and burial took place at Sonora.

BARROW.

—Mr. Thomas G. Barrow, aged sixty-six, died at his home on College avenue, in Winchester, Wednesday, after a short illness. Mr. Barrow was a native of Montgomery county. His first wife was Miss Fannie Hedges, a daughter of Mr. and Mrs. John W. Hedges, of Paris, who died several years ago. He is survived by his second wife, who was formerly Miss Sallie B. Allen, and one son, James H. Barrow, who has just returned from overseas in France.

The funeral was held yesterday afternoon at two o'clock, with services conducted at the grave in the Winchester Cemetery by Rev. J. H. MacNeill, under the auspices of the Winchester lodge of Elks. The pallbearers were Asa Barrow, Jos. Lindsay, Maurice Miller, Rhodes Estill, C. J. Boswell and John Duvall. The honorary pallbearers were J. Harry Allen, N. P. VanMeter, Strother D. Goff, Penn Taylor, Levi Goff, Asa Spahr, Nelson Gay and James S. Winn.

HARDING.

—Eld. J. W. Harding, of Winchester, well-known to hundreds of Bourbon county people, the oldest native-born citizen of Winchester, and said to have been the oldest man in the State actively engaged in the ministry, died Monday night at his home in Winchester. He was in his ninety-seventh year. Elder Harding had never held a pastorate, having preached as an evangelist since taking up the work at the age of fifteen. In addition to his work as an evangelist he served as an apprentice to a tailor, a cattle trader, and at one time was engaged in the mercantile business. He had the record for having performed the greatest number of marriage ceremonies of any minister in that section of the State.

The funeral was held Wednesday morning at ten o'clock at the Christian church in Winchester, with services conducted by Rev. J. H. MacNeill. The interment followed on the family lot in the Winchester Cemetery.

ANOTHER VISITATION OF INFLUENZA LIKELY.

From reports received by the State Board of Health and from information gleaned from other reliable sources, it appears that there will be another visitation of the dreaded plague, influenza, in this section this fall. The disease has already appeared in a number of mountain counties, and is spreading in other directions.

Dr. A. T. McCormick, Secretary of the State Board of Health, has written to local physicians stating that a mild type of influenza is prevalent in Illinois and at Straight Creek, in this State. He urges that physicians report any increase in mild, contagious summer colds. The Health Board is arranging to manufacture the Rosenow vaccine, which will be furnished free.

With the experiences of the past two years to guide us, every precaution should be taken by the people of Paris to prevent the disease gaining a foothold here. We all perhaps remember that one of the very first injunctions given out by the health authorities was to warn the public against the dirty and filthy habit of expectorating in public places, on the pavements, etc., one of the most fruitful forms of spreading the disease. Let us heed the warning, take time by the forelock, and begin right now the work of guarding against a possible spread of the disease in Paris.

A slight cold may be the forerunner of a severe case of influenza. Don't neglect such, thinking it may not amount to much. It may cause you more serious inconvenience than you think at present. Be on your guard and do everything in your power to keep yourself in a healthy condition, and ward off the influenza that sometimes leads to something worse.

CONCRETING BEGUN.

The real work of concreting Main street from Tenth to Fourteenth street begun Wednesday. Owing to the demand for labor in housing tobacco and cutting corn in the county the contractors were hampered Monday, and the work was practically suspended until Wednesday.

The grading and placing of the concrete curbing and guttering has been completed, and the work of laying the concrete surfacing will be rushed so as to have it completed before freezing weather sets in. Pleasant street from Second to Twelfth street, will be the next scene of improvement work.

KENTUCKY CROP PROSPECTS.

Kentucky's crop prospects now indicate the production of 424,490,000 pounds of tobacco compared to prospects July 1 for 442,178,000 pounds, and 427,500,000 pounds produced last year, according to the Government crop report issued by H. F. Bryant, field agent for the U. S. Bureau of Estimates. Good growing weather now, however, is likely to increase this estimate very much before the tobacco is all out, as there was a large acreage of late tobacco that is growing fast now and the total acreage is considerably greater than last year. The United States crop of tobacco is now estimated at 1,279,000,000 pounds compared to 1,340,000,000 pounds produced last year.

The Kentucky corn crop is estimated at 79,682,000 bushels because of drouth. Last year's crop was 93,600,000 bushels. Oats are estimated at 9,500,000 bushels, compared to 9,789,000 bushels last year; potatoes 4,687,000 bushels compared to 5,625,000; sweet potatoes 1,125,000 bushels compared to 1,235,000; barley 190,000 bushels compared to 196,000; apples 2,190,000 bushels compared to 3,730,000; and sorghum for sirup 2,631,000 gallons compared to 2,826,000 gallons made last year.

Hogs on hand for fattening in Kentucky are 2 per cent. more numerous than this time last year, and 5 per cent more numerous than usual. Unless the corn crop turns out better than now expected, this is likely to prove quite a problem for many farmers who had planned to feed hogs this fall. In the United States there are now 4.6 per cent. less hogs than 1918. Wool production in Kentucky this summer was 3,211,000 pounds compared to 3,058,000 pounds last year.

Condition of other crops in Kentucky is: Buckwheat 80 per cent; clover for seed 85; millet 75; pasture field beans 70; broom corn 75; cabbage 65; onions 85; tomatoes 75; grapes 65; pears 36.

More detailed statistics and reports on crop and livestock for any State or the United States may be obtained from the United States Bureau of Crop Estimates, 520 Custom House, Louisville, Ky., or 309 Federal Building, Charleston, W. Va.

EVER PUBLISHER HAS HAD THIS EXPERIENCE.

Almost every newspaper man has at some time had to contend with those philanthropic individuals who want to use their space for self-advertising and who are willing to throw out a little "sop" like a small order for job work in exchange for a vast amount of free advertising. Editor Warren Fisher, of the Carlisle Mercury thus details an experience which has had its counterpart in many a newspaper office:

"A farce, which proved very enjoyable and quite remunerative to the promoters, was staged here last week. The lady who staged the production, left with one hundred dollars, net, for her week's work. The local society, for whose benefit the farce was given, cleared about the same amount. The Mercury carried a fifteen inch advertisement, the program, all in small type and hard to set. For this service, we charged \$3.00 and were informed when settlement was made, that this was the only 'hold-up' the lady professional had encountered here. Notwithstanding the fact that the assertion that an overcharge was made will be recognized as absurd by any fair-minded person, we wish to take this opportunity to do a little sermonizing. The space in a newspaper is its stock in trade and its principal stock. The subscription price is usually so low, that the margin of profit is negligible. So, as a newspaper, as well as any other business, must have money to pay for labor and materials, that money must come from the sale of advertising space. Consequently we have no space to give away, although it is a constant fight with us to convince people of this fact. Were we to print all the stuff that we are requested to print, 'to further worthy causes' and to give

smooth tight-wads free advertising, we could fill every column every week. In the case referred to above, for instance, has the promoters of this entertainment reached by mail, with a circular, the people the Mercury reached with the fifteen inch advertisement, the cost of postage alone would have been twenty dollars. If we held 'em up, we made a mighty small haul."

"D-D IF YOU DO AND D-D IF YOU DON'T!"

In an ordinary column there are about 10,000 pieces of type, there are seven wrong positions that a letter may be put in, there are 70,000 chances to make errors, and millions of chances for transpositions. In the short sentence, "To be or not to be," by transposition alone, it is possible to make 2,759,022 errors.—Exchange.

And yet there are hundreds of people, even many here in Paris, who never lose an opportunity to criticize the newspaper that contains even the most insignificant typographical error. We heard of an instance where a Paris woman who had been given a most flowery "write-up" in one of the local papers, severely criticized the editor or proof reader who permitted the article to get into print with the word "the" spelled "het." Small thing like that to blind her to the fact that she was getting about fifty lines of most delicious "puff." Yet, that's the way it goes.

FOOD AGITATION BEGINNING TO AFFECT PRICES.

Prices are beginning to turn downward in various parts of the country, but the slump has not yet gathered momentum sufficient to affect purchases being made for immediate use, according to reports to the Department of Justice.

Attorney General Palmer, who asked how soon results could be expected from the campaign to reduce the cost of living, the outcome of which railroad employees have been requested to await before pressing demands for wage increases, said all the government wanted was a fair chance to show what could be done to take artificial inflation out of the market. He said officials were well pleased with the success so far attained and that cumulative results were expected when Congress enacts amendments to the food control law by which criminal penalties can be imposed on profiteers and hoarders.

"We hope the public will begin to reap the benefit of our efforts before long," Mr. Palmer said.

Propaganda, which apparently is nationwide, on the part of shopkeepers seeking to induce purchasers now on the pretext that prices will be condemned by Mr. Palmer as one certain thing which would make prices rise.
